

NOTICE FOR WORK PLANNED ON, OCTOBER 7, 2022

**Dear Residents on Lawndale Avenue between 99th Street and 95th Street
and on 98th, 97th and 96th Street between Ridgeway Avenue and Millard Avenue**

Lindahl Brothers has been hired by the Village of Evergreen Park to pave the street in front of your home. This notice is the first of three you will receive during the paving operation that is planned. This notice is to inform you of the **pavement removal** operation.

This work will not disturb your daily travels unless the work crews are directly in front of your home. You will be able to drive down your street. Avoiding the work operation may be part of that drive, but your delays should be minimal, and the crews are instructed to allow you to pass as best as possible.

All cars need to be off the street prior to 6:00 am on Friday October 7, 2022. It is ok to leave cars in your driveway. If you need to then get out of your driveway and the roadway has been removed, you may experience a bump down from your drive and other uneven pavements on your street until you get away from the construction site. The depth of the pavement removal should not be deep enough to inhibit getting your car in and out of your driveway.

Please do your best to keep your vehicle off the street. The more room we can give the contractor to do his work the faster it will be finished.

Alternate parking for your street will be on Ridgeway or Millard between 99th Street and 95th Street- if convenient you may use the north parking lot at Most Holy Redeemer

This work is planned for a good weather day. If the day of this notice is inclement or the work does not get done for another reason, plan for the work to happen on the following day.

Thank you for your cooperation and if you have any questions or special needs, please call the Engineer Tim Klass at 630-878-1819 so he can assist you.
